

Live Session 1, 2, 3 !

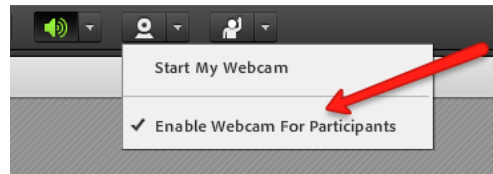

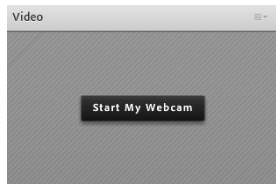

After creating **Create a new Live Session** and joining **Join This Session** your session there are three steps required to get the classroom running.

1. Audio and Video

- Start the meeting audio

- Start your webcam and enable webcam for participants

2. Manage Participants

- Allow participants into the room
- Merge speaker audio by dragging number onto names

3. Start Recording

- Record the session
